ST. ANDREW'S CE JUNIOR SCHOOL

Dear Parents and Carers, 9th September 2026

I am delighted to share with you the final Ofsted report card for St Andrew's CE Junior School. We are very pleased with the outcome, which recognises the hard work of our staff, the wonderful attitudes of our pupils and the ongoing support from our families.

As you may know, Ofsted no longer gives schools an overall one-word judgement such as Good or Outstanding. Instead, the new framework highlights strengths clearly and identifies areas where development is already underway. Any sections marked "Needs Attention" simply reflect those improvements are in progress—they do **not** indicate a negative judgement. We are pleased that the report confirms we are focusing on the right priorities and that positive impact is already evident.

The report highlights many strengths across our school, including pupils' personal development, the strong culture of safeguarding in which children feel safe, and the positive relationships and behaviour seen throughout school. It also recognises our inclusive practice and the thoughtful approach leaders take to improvement, supported by a committed staff team and a caring school community.

Importantly, the report celebrates the **significant improvement in last year's KS2 results**, particularly the strong rise in reading where **85%** of pupils achieved the expected standard which was above the national average. Our combined Reading/Writing/Maths outcome also rose sharply to **59%**, showing the clear impact of the work already happening across the school.

Where the report identifies areas for further development—such as ensuring even greater consistency in teaching and further strengthening outcomes in writing—we are already fully committed to this work. These areas align exactly with our school priorities for this year and plans are well underway to continue raising standards for all pupils.

We are extremely proud of our school. Our pupils were described as happy, safe, respectful and proud of their school—qualities we see every day. Staff have worked incredibly hard and their dedication is reflected throughout the report. We are also hugely grateful to our parents and carers for your ongoing support and partnership; it truly makes a difference.

If you have any questions about the report or would like to discuss any aspect of it, please feel free to get in touch.

With warm regards,
Mandy Cornwall
Headteacher
